MexoMax Online Slot Review

Delve into the jungles of South

America, where Aztec masks and carvings fill the reels of the MexoMax slot. It's a cluster pays game where you win from groups of matching symbols on the 6x6 grid, and all winning symbols then vanish. New ones drop down to replace them, adding multipliers to the affected reels, which can apply to new wins.

Bonus symbols unlock free spins

where the multiplier values increase throughout, which can lead to wins of 10,000x your stake. It's a high volatility game with average returns of 96.00%.

The MexoMax online

slot works on PCs and mobiles, and you can play it at the best sites that feature the Yggdrasil range.

How to Play the MexoMax Slot

Load the MexoMax slot onto an iOS,

Android, or Windows mobile, or desktop platform at any of the top-rated and you find yourself in a dense jungle, filled with colourful plants and an animated snake.

Aztec-style animal carvings and gold-trimmed masks populate the reels and these stone-effect symbols crash down on each spin, shaking the plants. Pleasing sound effects accompany the drops, and there's an eerie tune to match the mysterious style.

It's a stylish setting and certainly compares well with other games themed around the ancient empires of Central and South America.

The controls are easy to use

and include a stack of coins that you click to uncover a bet range from 0.20 to 100.00.

A Buy Bonus option takes you to the free games right away, but costs 75x for a random number of spins or 250x for the maximum amount. The Golden Bet option costs just 25% more and doubles the chance of entry to the free spins.

Tap the circular arrows button

to start an automatic spins mode. You can trigger a fast spin feature via a click on the 3 small lines on the controls, followed by a tap on the settings button. The 3 lines also reveal a paytable and it's here that you see how much you can win whenever blocks of 5 or more identical symbols land on the reels. The highest-paying mask is worth up to 9.25x the stake for clusters of 14+.

Free Spins & Other Features of the

MexoMax Slot Machine

After any win, the symbols involved will vanish from the grid and

a Dropdown feature sees those above cascade into the empty spaces. New symbols appear from above and a beating heart wild symbol will always fill part of the gap.

A

multiplier increases by 1x on the reel with the wild on it, and if you get a new win, the Dropdown repeats. You can keep winning, while more wilds and multipliers appear, and they only reset on a non-winning Dropdown. The multipliers apply to any win on the relevant reels and combine their values if more than one multiplier is involved.

A

golden treasure chest can land at any time. In the base games the chest opens to award from 5x – 100x the stake, 4 extra wilds, or entry to the free games feature.

You also

trigger the free spins with 3 or more bonus symbols. You can either accept the number of free games or gamble for extra spins on a golden bonus wheel. Be careful though, as you could lose any spins.

The reel multipliers don't reset during this round, and it's

here that you have the best chance to hit the maximum possible win. If the treasure chest lands on a free spin the rewards can be 5x – 100x your stake, 4 additional wilds, 1 extra free game, or a +1 multiplier to all current values.

MexoMax Slot Maximum Wins, Average Returns, & Volatility

The 10,000x

maximum win equals 1,000,000.00 at the highest stake of 100.00. A high volatility can see your bankroll go up and down as comparatively high prizes off-set relatively infrequent wins. The return to players percentage of 96.00% is acceptable for a high

volatility game, but certainly nothing special.

Our MexoMax Slot Rating

The Aztec theme

is used to great effect here, with stylish animal symbols, the expressive masks, and a slightly creepy beating heart wild. There's certainly no sacrifice needed in the gameplay, as the Dropdown system with extra wilds and increasing multipliers can make your heart skip a beat.

Treasure chests guarantee a reward of some kind, both in the base games and free spins. The option to gamble for more free games is an exciting feature, and assuming you don't forfeit the round, once the bonus games begin, the ever-increasing multipliers can lead to huge prizes.

Explore the jungle as you play the

MexoMax slot machine at the Yggdrasil casino featured here.

Diane Abbott descreve momentos chave de bet 3.5 carreira política, incluindo um encontro com Jeremy Corbyn bet 3.5 um cemitério

Em seu novo livro, Diane Abbott descreve algumas das experiências políticas que a marcaram, incluindo um encontro com Jeremy Corbyn que incluiu uma visita memorável ao cemitério de Highgate.

Uma vez, após eu me lamentar sobre nossa falta de atividade social como casal, ele refletiu sobre isso por alguns dias e me disse que estávamos saindo. Sentindo-me animada, me vesti bem e nós entramos no carro. Não tinha ideia de onde estávamos indo - talvez um bom bar de vinho? Resultou que a ideia de Jeremy de uma saída social era dirigir-me para o cemitério de Highgate e mostrar-me com orgulho a tumba de Karl Marx.

Agora, gostaríamos de ouvir suas histórias
