### **Estados Unidos se prepara para transferir ayuda militar significativa a Ucrania**

Mientras Estados Unidos se prepara para transferir ayuda militar significativa a Ucrania, después de que el Senado aprobara una legislación de financiamiento por un valor de 61 mil millones de dólares, los informes de Ucrania oriental continúan destacando la suerte desfavorable de Kyiv en el campo de batalla.

El pueblo de Ocheretyne sigue siendo un claro objetivo de las fuerzas rusas, con el grupo de monitoreo ucraniano DeepState mostrando avances rusos casi diarios hacia el oeste a lo largo de un tramo de terreno elevado.

El terreno es de central importancia para la línea defensiva de Ucrania en esta parte de la línea del frente y ha sido el objetivo principal de las fuerzas rusas desde que capturaron la ciudad industrial de Avdiivka, ubicada aproximadamente a 16 kilómetros de distancia, en febrero.

### **Biden aprueba proyecto de ley de ayuda exterior de 95.3 mil millones de dólares para Ucrania, Israel y Taiwán**

El presidente de Estados Unidos, Joe Biden, promulgó la ley de ayuda exterior el miércoles después de que el Senado la aprobara con amplio apoyo bipartidista, lo que permitirá "enviar

rápidamente armas y equipos a Ucrania para satisfacer sus necesidades urgentes en el campo de batalla".

Ucrania ha dicho durante meses que necesita urgentemente suministros vitales, incluidas municiones de defensa aérea y artillería.

Según el seguimiento más reciente en el frente, las fuerzas rusas controlan el centro de Ocheretyne, incluida la estación de tren, y Ucrania también está perdiendo terreno en el pueblo vecino de Novobakhmutivka, al sur.

Un bloguero militar ucraniano, Bohdan Myroshnykov, escribió que "en Novobakhmutivka, el enemigo hizo progresos en el pueblo, avanzando hasta 400 metros de profundidad.

Anteriormente, controlaban solo la parte sureste del pueblo, pero ahora controlan casi 3/4 del pueblo".

Teniendo en cuenta esta información, las fuerzas rusas están intentando avanzar hacia el oeste a lo largo de la cresta, lo que podría comprometer gravemente la capacidad de defensa ucraniana en la región.

Los expertos sugieren que Ucrania necesita urgentemente ayuda militar de los Estados Unidos para equilibrar la situación y prevenir una posible ruptura en la línea del frente.
