With everything that went on amid Xbox's long-winded acquisition of Activision Blizzard, it's easy to forget that Ubisoft is a part of this whole process, too. The massive company known for its series like Assassin's Creed and Far Cry among others can already put those games on its Ubisoft+ subscription service, and now that the deal has gone through for Xbox to own Activision, Ubisoft+ will be able to put Call of Duty and other games on its platform, too. The publisher reminded people of this following the closure of the Activision Blizzard deal and outlined what we can expect from this arrangement in the future.

Xbox and Activision previously announced the deal with Ubisoft back in August when the acquisition was being investigated and challenged by various regulatory bodies. For context and for those out of the loop, the deal with Ubisoft was made to appease concerns regarding how dominant Xbox's Cloud Gaming initiative would be if Call of Duty and everything else Activision owns could be played that way.

Activision Games on Ubisoft+

Reiterating the broad details of the arrangement, Ubisoft said in its announcement shared on Friday that the company has "the perpetual cloud streaming rights for Call of Duty and all other current Activision Blizzard games and those released over the next 15 years." What this means for Ubisoft+ subscribers is that you'll be able to play Call of Duty games and more through the service for over a decade, though it hasn't been said yet if there'll be any exceptions to what's part of the Ubisoft+ catalog. Since it was unclear when the Xbox-Activision deal would be finalized, it wasn't specified if Call of Duty: Modern Warfare 3 which comes out in November would be playable via Ubisoft+ at some point in the future.

While we're still waiting on specifics regarding certain games or the inevitable disclaimers that'll arise, a bit of good news shared on Friday confirmed that the Activision games offered through Ubisoft+ would include DLC.

"The deal includes all the Activision Blizzard games that are being distributed today and includes all the games that Activision Blizzard will release over the next 15 years," said Ubisoft's SVP Chris Early. "That includes the Call of Duty franchise and a whole lot more. Yes, it does include all the DLC, including in-game content and downloadable DLC packs, expansions, and add-ons." And since Ubisoft has the streaming rights to these games, it can effectively pass those rights along to others, too. Early said it hasn't been decided yet if that'll happen, but the current expectation is that the games will at least be available on Ubisoft+.

"Our expectation is that they will be on Ubisoft+, and then we have the rights to be able to license

them individually to companies as well," he said. "Perhaps there's a company somewhere in the world that wants to license those rights and add to the streaming service they have or start up a new streaming service, and I think that's going to be part of the fun of the next 15 years or more of how streaming evolves."

Many longtime players of the franchise may notice that the Vel 46 here in Warzone and Modern Warfare 3 is the same as the MP7 from the original MW3. As a gun, it's one that's great for a run-and-gun playstyle and one on the upper end of the spectrum when it comes to rate of fire.

The Vel 46 is a solid SMG with many excellent features, making it a reliable choice in Call Of Duty: Modern Warfare 3. With the only main drawback being its heavy weight and slower handling speeds, when equipping the right attachments, you can make the Vel 46 a nifty all-rounder weapon.

### **Resumo: The Brutalist, um filme épico e absorvente de Bradley Corbet**

The Brutalist, o filme épico e envolvente de Bradley Corbet, aborda o design de América pós-guerra e o que foi misturado cashbackcasino suas fundações durante a fase de construção. Ele nos pede para decidir se e como a brutalidade do título se aplica a algo além da arquitetura e se pergunta sobre o futuro ruína do que todos imaginamos no desenho de juventude: um Ozymandias americano.

Ele é sobre o antissemitismo e a aventura capitalista, sobre a experiência do imigrante não assimilado e sobre a ingenuidade can-do americana diante das trágicas e dolorosas profundezas da cultura e expertise europeias.

### **Uma história de sucesso e tragédia**

Este é um filme com uma diretriz fascinante e força narrativa, um filme que preenche cashbackcasino tela widescreen e tempo de execução de três horas e meia com absoluta certeza e facilidade, além de amplitude, clareza e até mesmo simplicidade - e, no entanto, também com algo obscuro e sinistro para ser desvendado cashbackcasino cashbackcasino forma elegante.

Ele se sente como se deveria ser baseado cashbackcasino um caso da vida real ou, no mínimo, cashbackcasino uma fonte literária - mas este é um roteiro original de tela de Corbet e seu co-roteirista Mona Fastvold. É o biopic de um arquiteto húngaro imaginário e sobrevivente do Holocausto, László Tóth, que vem para os EUA na pobreza, mas inicia ou, mais precisamente, revive cashbackcasino carreira distinta com o patronato impulsivo, excêntrico de um homem rico

com o nome WASP-presidencial de Van Buren.

## **Um filme sobre o sonho americano e seus desafios**

Tóth é interpretado com angulosidade, fervor e paixão por Adrien Brody: um melhor desempenho cashbackcasino cashbackcasino carreira, sem dúvida, e um avanço cashbackcasino relação à cashbackcasino performance cashbackcasino O Pianista de Roman Polanski. Sua esposa, Erzsébet (Felicity Jones), e cashbackcasino sobrinha órfã Zsófia (Raffey Cassidy) estão à deriva na Europa, presas cashbackcasino um impasse burocrático.

O Brutalist é um filme sobre o sonho americano e seus desafios, mostrando a promessa de sucesso e a violência que vêm com o fracasso capitalista. É um trabalho eletrizante, magistralmente filmado por Lol Crawley e superbementemente projetado por Judy Becker. Eu saí desse filme com a cabeça leve e eufórica, atordoado com a negação da cashbackcasino monumental vastidão.
