A totals bet, commonly known as an over/under bet, involves betting on the combined score of both teams in a game. Bookmakers set a predicted total score for the game, and bettors choose whether they think the actual combined score will surpass (over) or fall short of (under) that number.

E- e,

Lam Abbass is a Franco-Palestinian actress who has been a consistent presence in international cinema for more than 20 years, but ended her career as Marcia Roy, wife of Logan Roy, in the HBO TV drama "Succession". Now, with her own story, she emerges partially – in this film directed by her daughter Lina Soualem (who was created) – "Nakba" is a story about what the Palestinians call the

or "catastrophe": when young, Abbass left her birthplace of Deir Hanna near Tiberias on the western coast of the Sea of Galilee to follow a career in Europe. But now Soualem returns there with Abbass to reconnect with her mother Nemat, who found memories of Palestine before 1948 and the establishment of the state of Israel; The film is an emotional multi-generational story where it is located!

The Wikipedia page of Michael Abbass actually lists a wife (divorced): the actor Zinedine Soualem, who is the father of Lina. But "Bye Bye Tiberias" talks about another man, a Portuguese called Miguel whose second name was not revealed and who was in love with her for a long time – who seems to offer to convert to Islam, is that the case?

Another type of documentary could have done more investigations about Michael, or even made his mysterious existence a point of the film. Well... this is not the purpose of Lina Soualem and it is a family record!
